National
OPTIs Mission & Vision

The MSOPTI Mission Statement was revised in June, 2010 and condensed into (6) statements which are summarized as:

1. Enhance the quality of the osteopathic medical education,
2. Support quality education and training,
3. Support innovation, creativity, and excellence,
4. Support the development osteopathic primary care physicians and specialists,
5. Develop community-based faculty to teach and administer training programs, and
6. Promote the development of an infrastructure that results in the appropriate numbers of osteopathic physicians, who are educators, researchers, and administrators.

OPTI Strategic Objectives
OPTI Services

Faculty and Resident Development

• Annual survey-driven Faculty Development for MSOPTI and training institution teaching physicians *

• Request-driven, program specific Faculty Development for program staff and faculty

• Faculty Development opportunities through on-going MSOPTI sponsored and co-sponsored CME events *

  *Includes distance learning broadcasts to training sites

Research

• Annually budgeted support by MSOPTI for research activities for its residents, including contracted statistician consultation and review.

• On-going research consultation services by MSOPTI through West Virginia School of Osteopathic Medicine (WVSOM) including research resources, mentors, IRB issues.

Osteopathic Principles & Osteopathic Manipulative Treatment (OMT)

• Three (3) Year OPP Curriculum developed for MSOPTI by WVSOM OME Department

• Bi-monthly OPP Clinical Refresher Lectures *

• Quarterly OPP Workshops which utilize contracted OPP Table Trainers to reinforce workshop objectives *

New Program Development

• MSOPTI consults and participates on all levels of new program development.

• MSOPTI provides GME development overviews and templates for: program structure; approval process and timelines; financing; MSOPTI by-laws, membership and affiliation agreements; site visits; and hospital/training institution board presentations.

Statement that applies to this OPTI

• This OPTI prefers to assist new programs EARLY in the formation process

Special or Unique Services Provided by this OPTI

• MSOPTI engages a paid GME Finance consultant annually to provide on-going consultation to MSOPTI and, upon request, its partner institutions. The consultant also participates with MSOPTI in new program development and is available by phone conference and in person when scheduled site visits and/or board presentations occur.
Number of Residencies

Primary Care is defined as Family Medicine, Internal Medicine and Pediatrics
