OPTI's Mission & Vision

- The MISSION of OMNEE is to develop and support programs of excellence in the continuum of osteopathic medical education and research in order to meet the health care needs of the communities served by our member institutions.

OPTI Strategic Objectives

- Develop geographically and specialty-diverse osteopathic graduate medical education training programs.
- Promote opportunities for osteopathic medical student clinical and didactic education.
- Collaborate with members to provide competency-based faculty development.
- Support competency-based education for trainees, including the integration of osteopathic principles and practice.
- Cultivate research for trainees and core faculty.
- Advance compliance with the American Osteopathic Association (AOA) and specialty college accreditation standards.
